

ARTIFICIAL TURF

July 2025

BEAUTY, LONGEVITY, AND EXCEPTIONAL VALUE ARTIFICIAL TURF ROOFTOP DECK SYSTEM

Bison Innovative Products has partnered with Fibergrate Composite Structures to bring customers a cohesive artificial turf solution for rooftop decks. The pedestal support system elevates the turf, while the fiberglass grating panels allow for proper drainage, preventing water from accumulating while protecting the rooftop structure.

- Public occupancy flooring
- Easy to install, turn-key solution
- Low-maintenance, durable, and visually appealing
- Natural, grass-like appearance for green outdoor spaces
- Comfortable, slip-resistant surface for lounging or entertaining
- 2 ft. x 6 ft. panels are easy to maneuver and cut in field to fit job site conditions
- Improves rooftop insulation, reducing heat absorption

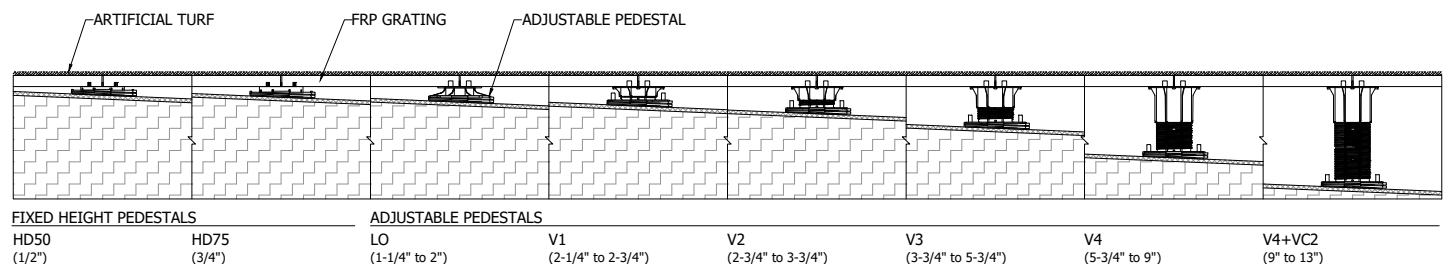

PEDESTAL SPECIFICATIONS

- Compatible with Bison Versadjust and ScrewJack pedestal lines
- Select 3/16 inch (4.5mm) tab size for pedestals
- Adjustable system height range is 2-1/4 to 36 inches (57 to 914mm)
- Bison Brace System required for 24 to 36 inches (610 to 914mm)
- Accessories available for heights from 1/8 to 2-1/4 inches (3.2 to 57mm)

PARTS LIST

MODEL	DESCRIPTION
 CRVX Micro-Mesh 1.5"	Corvex Micro-Mesh 1.5 in. x 22.625 in. x 70.625 in. Dark Grey, Meniscus Part Number: 86260791.04
 Nailing Board	Angle - Fire Retardant Isophthalic Polyester 1/8 in. x 1 in. x 1 in. Dark Grey 10' Part Number: 1614100.02
 Nailing Board Screw	Bugle Head Square Drive #8 x 2 in. Auger 316 screw for Nailing Board Part Number: 754099
 MM-10 Clip	MM-10 Clip Part Number: 734249
 MM-10 Clip Screw	#8 x 1.5 in. screw for MM-10 Clip Part Number: 754108
